Summary

Over 8 years advertising industry experience including:

Graphic Design, Motion Design, User Interface Design, Storyboard Art, Illustration, and 3D Modeling/rendering/lighting

Career Achievement Highlights:

- Key figure in developing a 3D and motion graphics department for Redworks Imaging Ogilvy, opening new markets to clients which contributed to profit improvement of 36% in the department
- Significant role in designing and concepting pitches to achieve the most lucrative year GWF Associates LLC. has had in 25 years

Capability to secure work and drive relations with clients through:

- Creating high level artwork from concept to completion with attention to detail, creative solutions, as a positive team member, and on time
- Conceptualizing/art directing for interactive games, displays and illustration
- Interfacing effectively with clients, art directors, trade show vendors and doctors internationally, bringing business through my passion and positive attitude
- Asset management/delivery for many platforms with organization saving time
- Management of junior creatives ensuring all members are efficiently producing quality work and meeting deadlines
